

Fun!

One day Mom and Dad told me we were taking a trip. We were going to Minnasota the state where I used to live. I Love my home state Minnasota because there's lots of places to see.

So we began to pack our things. We put our things in the car and took off happy.

I was bored till we seen great things like parks, animals, and much more. Then we stoped to get something to eat.

I got a nice, yummy, and mouth watering cheseburger. When we got to Minnasota we done lots of things.

We went camping, Fishing, and swimming.

When the trip was over we went back home and I was glad we had a wonderful trip. Next summer

I hope we go to Minnasota again.

Score Point: 4

This response reflects proficiency in narrative writing. The response is organized sequentially and displays adequate facility in the use of language. The few spelling and usage errors present do not interfere with meaning. Although there is some illustration of key ideas (we saw great things like parks, animals, and much more), further development would be required for a higher score.
